And Bloodshed Imminent at Cummings.

The Rock Island Railroad Likely to Have a Collision With Nail Workers.

The Big Strikes in Pennsylvania are Turned to a Conclusion To-day.

TROUBLE EXPECTED.

A Riot is Imminent at Cummings.

CHICAGO, June 4.—Captain Hunt, of the Hyde park police force, started for Cummings this morning, taking with him all the available men on his force. This movement was made because of the anticipated trouble between the Rock Island railroad and striking nail makers of the Calumet Iron company.

Two freight cars, containing nails, have been standing at Cummings for a week. The strikers refuse to allow them to be moved. The Rock Island train men are in full sympathy with the strikers and it is feared if the company insist on their employees moving cars a general strike may occur.

4 p. m.—An attempt was made to move Rock Island cars, but the crowd urged the engineer not to make the attempt and he complied with their request.

STRIKES ENDED.

PITTSBURGH, June 4.—The demands of the 6,000 brickmakers of Allegheny county for an advance of wages of twenty per cent. has been granted, and the threatened strike is averted.

The strikes of the Westmoreland county coal miners has been broken and general resumption is expected in a few days.

BLUFFTON NEWS.

The High School Commencement and Its Features.

Special Correspondence.

BLUFFTON, Ind., June 4.—Tuesday, Wednesday and Thursday evening, at the First Presbyterian church of this city, was held the fourth annual commencement exercises of the Bluffton high school. Long before the time of opening there was a crowd for admittance, and each evening the church was filled to its utmost seating capacity.

It was to witness the exercises of the largest class of graduates from one school in the state of Indiana, namely, thirty-four young ladies and gentlemen. In 1883 forty-five of our girls and boys entered the freshman class of the high school; in 1884 thirty-five of this number was promoted to the junior class, and in 1885 the same number to the senior class, and now thirty-four present themselves for graduation. Their average ages are eighteen and one-half years, and twenty-seven are natives of our city and county. Their orations were well written, of deep thought and delivered in a style and manner that made one feel proud to be there.

Judge Saylor, of Huntington, delivered the address to the class in an effective manner, which will be remembered by all.

During the exercises there was music by the orchestra and Miss Minnie Graves, of Fort Wayne, and Miss Jennie Reed and Nellie Kirk, of Cincinnati, which was the delight of all. After each member received their diploma and the benediction pronounced, the class repaired to the residence of Geo. Gardiner, where a reception was given by the alumni to their graduates and their young friends, which in number was legion.

To Professor Allen, the superintendent, his teachers and the school board, our city and county owe a debt of gratitude for the manner in which they have conducted the school to bring out such a large class of graduates. In examinations, in their studies, attendance and punctuality they compare with the best. There has not been a case of tardiness in the class since entering the high school. The graduates are Ida Bateson, Ida A. Bartimay, Schuyler G. Boon, James B. Burwell, Frank W. Cummins, Anna Deam, Stella Duster, Ida M. Frees, James E. Ferris, Mary L. Gregg, Capitola Gorrell, Anna L. Greenfield, Cora V. Grove, Anna M. Harpist, Thomas H. Kountz, Hugh M. Kepp, Kittie Kenagy, Will A. Kunkel, Lillie M. Mason, Laura L. Melsheimer, Augustus T. Melsheimer, Minnie A. Morgan, Winnetta M. McFarren, Jennie Mast, Charles H. Plesinger, Rosetta Roush, George H. Redding, Edmund J. Spaulding, Hugh J. Studebaker, Will S. Smith, M. Alph Stout, Linnie B. Sturgis, Stella E. Saxton, Edwin S. Walmer.

UNPLEASANT.

General Sherman Cornered by General Kneifer.

INDIANAPOLIS, June 4.—Gen. Sherman having asserted yesterday in a public address here that he did not attend Vice-President Hendricks' funeral because he had not been invited, and also that no place had been reserved in the funeral procession for the army and navy, Gen. Fred Kneifer, grand marshal of the Hendricks' obsequies, confronted Sherman and told him that he had personally addressed him an invitation, and, handing him a newspaper published at the time, showed that the army and navy had been provided for. Sherman, evidently embarrassed, seemed glad to escape from Kneifer and the gentleman accompanying him, simply with the remark that "it had escaped his notice."

They are the first people to sail a canoe on Pigeon river for any distance.

Maj. Gen. Carnahan has issued a circular from headquarters at Indianapolis containing a letter from Supreme Prelate King concerning the present status of the arrangements of the Toronto meeting of the Knights of Pythias. In it he says that ample and satisfactory arrangements are being effected with the government minister of customs, whereby delay and vexation will be avoided in crossing the boundary line. The letter says: "The importance of an early intimation of the committee as to those who propose coming will be appreciated, as the time and labor of attending to all requirements will be great, and should not be too long delayed."

The next state election will be held on Tuesday, Nov. 2, 1886. Remember these dates. This residence must have been continuous until the act of voting. WEDDING CARDS.

One Thousand Souvenirs Sent Out To-day.

WASHINGTON, D. C.—(Executive Mansion)—June 4.—About a thousand cards announcing the marriage of the president were sent out from the White House to-day by mail service and otherwise. The cards are exceedingly simple and plain, engraved in heavy lines on a full sheet of note paper. They read as follows: "Mr. Grover Cleveland and Miss Frances Folsom, married on Wednesday, June second, eighteen hundred and eighty-six, executive mansion, Washington."

These cards were sent to members of the cabinet, justices of the supreme court, senators and representatives in congress, the diplomatic corps, lieutenant general of the army, the admiral of the navy and other officials in Washington, and to personal friends of President and Mrs. Cleveland in Albany and Buffalo, New York.

Rev. Wm. Cleveland, Mrs. Hoyt and Miss Cleveland are now the only guests at the White House and will probably remain some time longer. Mrs. Cleveland's relatives who attended the wedding left for home last night.

DEER PARK, June 4.—The President and Mrs. Cleveland did not make their appearance until noon to-day, when they walked to Senator Davis. They will drive this afternoon. The president received newspapers this morning and a small mail. He will not go fishing to-day.

IN A STATE OF SIEGE.

PITTSBURGH, June 4.—The *Chronicle Telegraph* Deer Park special says: "The cottage up in the grove, back of the hotel, in which the president and his bride are spending their honeymoon, is in a state of siege."

An army of newspaper men are entrenched in the Baltimore and Ohio depot, two hundred yards from the cottage and in full view of it. An army of Baltimore and Ohio detectives are seated on benches and tree stumps within one hundred yards of the cottage and thus far only one person has succeeded in getting to the cottage, that being Ex-Senator Henry G. Davis.

Mr. and Mrs. Cleveland remained in the cottage in obscurity most of the morning. Mrs. Cleveland, dressed in a pretty wrapper, appeared on the porch about 10 o'clock and sat there reading the papers, the mail having been taken from the postoffice for the first time this morning by the president.

Mrs. Cleveland seemed amused and interested at the cordon of news gatherers and detectives around her, and once or twice she laughed without having an apparent cause for mirth. The president came out for a few minutes after his bride retired and did not appear to notice what was going on about him.

At one o'clock Mr. and Mrs. Cleveland walked over to Senator Davis' cottage for lunch. About 2 o'clock the senator's double seated drag conveyed the party to Oakland and back. A handsome basket of fruit was sent to the president by Dr. McComas, of Oakland.

It is probable the president will not return to Washington until the latter part of next week. He is said to be studying the Canada fishery question with a view of taking some action.

Wm. A. Corey has been appointed notary public.

A LEVEL-HEADED NEWSDEALER.

Newsdealers are as a class popularly supposed to know a good thing when they see it, and are ever on the lookout for that which will interest and please the public. In a humble way Edison was once a newsdealer, having sold papers on railroad. Among newsdealers who have a keen eye to business and to everything that can be of benefit to Mr. G. W. Dove, of Vincennes, Ind., whose place of business is at No. 114 Second street. Mr. Dove was recently afflicted with rheumatism, but quickly cured himself by using Athlaphoros. This is what he says about it:

"Athlaphoros is a good medicine and it did for me all that I could ask. At the time when I began using it I was sadly afflicted with rheumatism. I was in a helpless state and suffered untold pain, not being able to get out of bed or to be moved without enduring the greatest agony. I had read some time before of the wonderful cures of people effected by Athlaphoros, and at the time tried to buy it at the drug stores, but could not find any. As I was determined to try it I sent to the company for some."

"Did it act quickly upon you?"

"I felt the effects almost immediately. After I had taken a few doses the pain subsided. The medicine seemed to go directly where the pain was."

"Have you had any return of the pain?"

"I have not suffered any to speak of since. I used only three bottles and consider it the best medicine for rheumatism that I know of. I recommended it to a gentleman in St. Louis who had his mother use some and was very much pleased with the result. I have recommended it to different persons, and in every instance where it was used it gave entire satisfaction."

J. A. Wilson, the well-known photographer, 6 and 8 Main St., New Albany, tells an equally interesting story of how Athlaphoros cured him of rheumatism:

"I only used one bottle," he says. "The rheumatism was in my arms and I had sharp, shooting pains. I was suffering and complaining a great deal, when a friend coming into my gallery one morning asked me what the trouble was. I said it was rheumatism. Said my friend: 'I was reading of a medicine that is for the cure of rheumatism and neuralgia. It struck me forcibly, as it did not claim to cure every complaint that flesh is heir to.' When I asked him what it was he said the name was Athlaphoros. I bought a bottle on the strength of what he said. That was all I needed. I used the one bottle over six months ago and have not had a pain or an ache from rheumatism since."

From Greencastle, Ind., D. L. Southard has this to say of what Athlaphoros did for him:

"When Bishop Bowman brought me a bottle of Athlaphoros I was suffering greatly from rheumatism and could scarcely move. I began taking the medicine on Thursday morning. At 9 P. M. I went to sleep and slept until 6 o'clock Friday morning, when I got up and said to my wife: 'Dear, look here, I am well.' At the first I was much better than I stopped using the medicine and the rheumatism came back. The second attack was not so easily, but still in double the time the Athlaphoros removed the pain. The medicine had no unpleasant effect, but seemed to quiet, soothe and give relief."

If you cannot get Athlaphoros of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it do not be persuaded to try anything else, but order at once from us, as directed. ATHLAPHOROS Co., 112 Wall Street, New York.

who are more to make a large profit on a worthless article than to wait for the prosperity that ultimately results from honest dealing. These are the men who when asked for a Benson's Capsule Plaster, will recommend some cheap and trashy substitute or imitation, saying it is "just as good." Sometimes they will do up and sell the miserable imitation without remark, allowing the customer to suppose he has Benson's if the valuable plaster is returned. Cheap John will say he made a mistake; if not, he has done a good stroke of business. The public are cautioned against John and all his ilk. Buy of respectable druggists only. A SURE THING.

A Natural Gas Well will be Sunk in Fort Wayne--The Prospects.

There was a meeting of the enterprising projectors of the proposed gas well test at the circuit court room last night. The gentlemen represented capital and Mr. R. J. Fisher read articles of association which had been previously prepared, and which included the names of a board of directors as follows: J. H. Bass, S. B. Bond, O. A. Simons, R. S. Robertson, Fred Eckert, George W. Pixley and R. J. Fisher. Upon motion of Mr. Max Nirdlinger the articles as read were ratified.

Mr. Fisher stated that up to date there were 136 stockholders who had taken in aggregate \$3,930 worth of stock at \$10 a share. Of the stockholders it was found that E. Hopkins, the gentleman who bored the artesian well, was the largest investor, having \$750 worth.

Mr. Hopkins made many interesting statements regarding the geological formation of this region as ascertained by experts and as revealed by deep borings in Fort Wayne and elsewhere. The Trenton limestone of the Lower Silurian in the artesian well here was impregnated with gas and oil. Its thickness was forty-eight feet, and it was found at a depth of 1,260 feet, lying between a strata of black bituminous shale of the unusual thickness of 193 feet. In this Trenton limestone the oil and gas bearing qualities of which had not been sufficiently tested, Mr. Hopkins expected the work might be brought to a successful ending.

The west edge of the oil-bearing belt, it was explained, lay in an irregular line drawn from Kelly's Island to Louisville. The directors filed articles of association with the county recorder and the secretary of state to-day and are choosing a spot to sink the proposed oil or gas shaft.

RIOT!

And Bloodshed Imminent at Cummings.

The Rock Island Railroad Likely to Have a Collision With Nail Workers.

The Big Strikes in Pennsylvania are Turned to a Conclusion To-day.

TROUBLE EXPECTED.

A Riôt is Imminent at Cummings.

Chicago, June 4.—Captain Hunt, of the Hyde park police force, started for Cummings this morning, taking with him all the available men on his force. This movement was made because of the anticipated trouble between the Rock Island railroad and striking nail makers of the Calumet iron company.

Two freight cars, containing nails, have been standing at Cummings for a week. The strikers refuse to allow them to be removed. The Rock Island train men are in full sympathy with the strikers and it is feared if the company insist on their employees moving cars a general strike may occur.

4 p.m.—An attempt was made to move Rock Island cars, but the crowd urged the engineer not to make the attempt and he complied with their request.

STRIKES ENDED.

Pittsburg, June 4.—The demands of the 6,000 brickmakers of Allegheny county for an advance of wages of twenty per cent. has been granted, and the threatened strike is averted.

The strikes of the Westmoreland county coal miners has been broken and general resumption is expected in a few days.

THE CLEVELAND CONVENTION.

The convention of the Knights of Labor closed Thursday, general good feeling prevailing. An address to the unionists was adopted, proposing a conference to settle existing differences, but the document is said to be unsatisfactory to the body to whom it is directed.

RIPE AGE.

Mrs. McKay is 100 Years Old. Louisville, Ky., June 4.—The inhabitants of Taylorsville, Ky., are celebrating, to-day, the 100th anniversary of Mrs. Ann McKay. BLUFFTON NEWS.

The High School Commencement and Its Features.

Special Correspondence.

Bluffton, Ind., June 4.—Tuesday, Wednesday and Thursday evening, at the First Presbyterian church of this city, was held the fourth annual commencement exercises of the Bluffton high school. Long before the time of opening there was a crowd for admittance, and each evening the church was filled to its utmost seating capacity.

It was to witness the exercises of the largest class of graduates from one school in the state of Indiana, namely, thirty-four young ladies and gentlemen. In 1883 forty-five of our girls and boys entered the freshman class of the high school; in 1884 thirty-five of this number was promoted to the junior class, and in 1885 the same number to the senior class, and now thirty-four present themselves for graduation. Their average ages are eighteen and one-half years, and twenty-seven are natives of our city and county. Their orations were well written, of deep thought and delivered in a style and manner that made one feel proud to be there.

Judge Saylor, of Huntington, delivered the address to the class in an effective manner, which will be remembered by all.

During the exercises there was music by the orchestra and Miss Minnie Graves, of Fort Wayne, and Miss Jennie Reed and Nellie Kirk, of Cincinnati, which was the delight of all. After each member received their diploma and the benediction pronounced, the class repaired to the residence of Geo. Gardiner, where a reception was given by the alumni to their graduates and their young friends, which in number was legion.

To Professor Allen, the superintendent, his teachers and the school board, our city and county owe a debt of gratitude for the manner in which they have conducted the school to bring out such a large class of graduates. In examinations, in their studies, attendance and punctuality they compare with the best. There has not been a case of tardiness in the class since entering the high school. The graduates are Ida Batson, Ida A. Barthman, Schuyler C. Boon, James B. Burwell, Frank W. Cummings, Anna Deum, Stella Doster, Ida M. Freese, James E. Ferris, Mary J. Gregg, Capitola Gorrell, Anna L. Greenfield, Gora V. Grove, Anna M. Harper, Thomas H. Kuntz, Hugh M. Kupp, Kittie Kenagy, Will A. Kunkel, Lillie M. Mason, Laura L. McShimmer, Augustus T. McShimmer, Minnie A. Morgan, Winnetta M. McFarren, Jennie Mast, Charles H. Pleasinger, Rosetta Roush, George H. Redding, Edmund J. Spaulding, Hugh J. Studabaker, Will S. Smith, M. Alph Stont, Linnie B. Sturge, Stella E. Sutton, Edwin S. Walmer.

General Sherman Cornered by General Kneffer.

INDIANAPOLIS, June 4.—Gen. Sherman having asserted yesterday in a public address here that he did not attend Vice-President Hendricks' funeral because he had not been invited, and also that no place had been reserved in the funeral procession for the army and navy, Gen. Fred Kneffer, grand marshal of the Hendricks obsequies, confronted Sherman and told him that he had personally addressed him an invitation, and, handing him a newspaper published at the time, showed that the army and navy had been provided for. Sherman, evidently embarrassed, seemed glad to escape from Kneffer and the gentleman accompanying him, simply with the remark that "it had escaped his notice."

Maj. Gen. Canaban has issued a circular from headquarters at Indianapolis containing a letter from Supreme Prelate King concerning the present status of the arrangements of the Toronto meeting of the Knights of Pythias. The letter says: "The importance of an early intimation of the committee as to those who propose coming will be appreciated, as the time and labor of attending to all requirements will be great, and should not be too long delayed."

WEDDING CARDS.

One Thousand Souvenirs Sent Out To-day.

WASHINGTON, D. C.—(Executive Mansion)—June 4.—About a thousand cards announcing the marriage of the president were sent out from the White House to-day, by mail service and otherwise. The cards are exceedingly simple and plain, engraved in heavy lines on a full sheet of note paper. They read as follows: "Mr. Grover Cleveland and Miss Frances Folsom, married on Wednesday, June second, eighteen hundred and eighty-six, executive mansion, Washington."

These cards were sent to members of the cabinet, justices of the supreme court, senators and representatives in congress, the diplomatic corps, lieutenant general of the army, the admiral of the navy and other officials in Washington, and to personal friends of President and Mrs. Cleveland in Albany and Buffalo, New York.

Rev. Wm. Cleveland, Mrs. Hoyt and Miss Cleveland are now the only guests at the White House and will probably remain some time longer. Mrs. Cleveland's relatives who attended the wedding left for home last night.

IN A STATE OF SIEGE.

PITTSBURG, June 4.—The *Chronicle Telegraph* Deer Park special says: "The cottage up in the grove, back of the hotel, in which the president and his bride are spending their honeymoon, is in a state of siege."

An army of newspaper men are entrenched in the Baltimore and Ohio depot, two hundred yards from the cottage and in full view of it. An army of Baltimore and Ohio detectives are seated on benches and tree stumps within one hundred yards of the cottage and thus far only one person has succeeded in getting to the cottage, that being Ex-Senator Henry G. Davis.

Mr. and Mrs. Cleveland remained in the cottage in obscurity most of the morning. Mrs. Cleveland, dressed in a pretty wrapper, appeared on the porch about 10 o'clock and sat there reading the papers, the mail having been taken from the postoffice for the first time this morning by the president.

Mrs. Cleveland seemed amused and interested at the cordon of news gatherers and detectives around her, and once or twice she laughed without having an apparent cause for mirth. The president came out for a few minutes after his bride retired and did not appear to notice what was going on about him.

At one o'clock Mr. and Mrs. Cleveland walked over to Senator Davis' cottage for lunch. About 2 o'clock the senator's double seated drag conveyed the party to Oakland and back. A handsome basket of fruit was sent to the president by Dr. McCombs, of Oakland.

It is probable the president will not return to Washington until the latter part of next week. He is said to be studying the Canada fishery question with a view of taking some action.

Wm. A. Garry has been appointed notary public.

Newsdealers are as a class popularly supposed to know a good thing when they see it, and are ever on the lookout for that which will interest and please the public. In a humble way Edison was once a newsdealer, having sold papers on railroad. Among newsdealers who have a keen eye to business and to everything that can be of benefit to Mr. G. W. Dove, of Vincennes, Ind., whose place of business is at No. 114 Second street, Mr. Dove was recently afflicted with rheumatism, but quickly cured himself by using Athlaphora. This is what he says about it:

"Athlaphora is a good medicine and it did for me all that I could ask. At the time when I began using it I was sadly afflicted with rheumatism. I was in a helpless state and suffered untold pain, not being able to get out of bed or to be moved without enduring the greatest agony. I had read some time before of the wonderful cures of people effected by Athlaphora, and at the time tried to buy it at the drug stores, but could not find any. As I was determined to try it I sent to the company for some."

"Did it act quickly upon you?"
"I felt the effects almost immediately. After I had taken a few doses the pain subsided. The medicine seemed to go directly where the pain was."

"Have you had any return of the pain?"
"I have not suffered any to speak of since. I used only three bottles and consider it the best medicine for rheumatism that I know of. I recommended it to a gentleman in St. Louis who had his mother use some and was very much pleased with the result. I have recommended it to different persons, and in every instance where it was used it gave entire satisfaction."

J. A. Wilson, the well-known photographer, 6 and 8 Main St., New Albany, tells an equally interesting story of how Athlaphora cured him of rheumatism:

"I only used one bottle," he says. "The rheumatism was in my arms and I had sharp, shooting pains. I was suffering and complaining a great deal, when a friend coming into my gallery one morning asked me what the trouble was. I said it was rheumatism. Said my friend: 'I was reading of a medicine that is for the cure of rheumatism and neuralgia. It struck me forcibly, as it did not claim to cure every complaint that flesh is heir to.' When I asked him what it was he said the name was Athlaphora. I bought a bottle on the strength of what he said. That was all I needed. I used the one bottle over six months ago and have not had a pain or an ache from rheumatism since."

From Greencastle, Ind., D. L. Southard has this to say of what Athlaphora did for him:

"When Bishop Bowman brought me a bottle of Athlaphora I was suffering greatly from rheumatism and could scarcely move. I began taking the medicine on Thursday morning. At 9 P. M. I went to sleep and slept until 6 o'clock Friday morning, when I got up and said to my wife: 'Dear, look here, I am well.' At the first I was so much better that I stopped using the medicine and the rheumatism came back. The second attack was not stopped so easily, but still in double the time the Athlaphora removed the pain. The medicine had no unpleasant effect, but seemed to quiet, soothe and give relief."

If you cannot get Athlaphora of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us, as directed. ATHLAPHORA CO., 112 Wall Street, New York.

A SURE THING.

A Natural Gas Well will be Sunk in Fort Wayne--The Prospects.

There was a meeting of the enterprising projectors of the proposed gas well test at the circuit court room last night. The gentlemen represented capital and Mr. R. J. Fisher read articles of association which had been previously prepared, and which included the names of a board of directors as follows: J. H. Bass, S. B. Bond, O. A. Simons, R. S. Robertson, Fred Eckert, George W. Pixley and R. J. Fisher. Upon motion of Mr. Max Nirdlinger the articles as read were ratified.

Mr. Fisher stated that up to date there were 196 stockholders who had taken in aggregate \$2,930 worth of stock at \$10 a share. Of the stockholders it was found that E. Hopkins, the gentleman who bored the artesian well, was the largest investor, having \$750 worth.

Mr. Hopkins made many interesting statements regarding the geological formation of this region as ascertained by experts and as revealed by deep borings in Fort Wayne and elsewhere. The Trenton limestone of the Lower Silurian in the artesian well here was impregnated with gas and oil. Its thickness was forty-eight feet, and it was found at a depth of 1,260 feet, lying between a strata of black bituminous shale of the unusual thickness of 198 feet. In this Trenton limestone the oil and gas bearing qualities of which had not been sufficiently tested, Mr. Hopkins expected the work might be brought to a successful ending.

The west edge of the oil-bearing belt, it was explained, lay in an irregular line drawn from Kelly's Island to Louisville. The directors filed articles of association with the county recorder and the secretary of state to-day and are choosing a spot to sink the proposed oil or gas shaft.

I will receive sealed proposals for the construction of the drainage of Little River and its tributaries up to 12 o'clock on July 7, 1886, at the office of W. H. Goodwin, civil engineer of the city of Fort Wayne, Ind.

The work was established under the drainage laws of the state of Indiana by the superior court of Allen county on the petition of William Brantner et al. It is about forty miles long and consists of earth and rock work and some clearing, the said court assessing benefits amounting to about \$25,000 to pay for the same, the cost being estimated at about \$125,000. Information as to form of bids, bonds, contracts and as to the parties who will be not separately may be obtained by addressing to Fort Wayne, Ind., care W. H. Goodwin, civil engineer.

EDWARD R. L. Brantner, Commissioner.
